Welcome to our 2013 catalogue with lots of new designs, colours and materials. It's great with something new. Especially when it comes with experience. This year, we celebrate our 60th anniversary. Through three generations we have worked with furniture design, and we have learned our lessons. Our concept is all set, and our experience and heritage is carried through in everything we do.

Since the beginning in 1952, in Denmark, our ambition has always been to create furniture that not only looks good, but is functional and good value for money too. We continue to have our own production in Denmark while working closely with a few, select international suppliers who share our commitment to high quality.

We have come a long way since then. Now with more than 260 stores around the world, we find our inspiration from the urban lifestyle, but our commitment to creating good, honest and useful design is still the same. A commitment that is shared by our dedicated team of design consultants and interior decorators in our stores. Our modular designs can be customised to fit your needs and tastes, and our staff takes pride in offering you a highly professional service. They will listen to you, guide you and always seek the best solution for you.

Turn the pages to find new inspiration and know that our 60 years of experience have been put to good use, so you can enjoy the best of Urban Danish Design.

OUR SET OF BELIEFS

WE ARE NOT JUST ANOTHER FURNITURE STORE. WE ARE NOT LIKE EVERYBODY ELSE. WE HAVE WORKED WITH INTERIOR DESIGN FOR MORE THAN 60 YEARS. AT BOCONCEPT, WE HAVE A STRONG SET OF BELIEFS THAT RUN THROUGH EVERYTHING WE DO. IN OUR DESIGN. IN THE RESPECT OF OUR DANISH LEGACY. IN ALL THE 59 COUNTRIES WHERE YOU CAN MEET US. AND IN OUR RELATIONSHIP WITH YOU.

WE BELIEVE IN INDIVIDUALITY

#1

A SOFA SHOULD NEVER BE EGOCENTRIC

The world revolves around you. Not your furniture. If you have a small home, we will help to make the most of it. Or a big, triangular house, we will make it fit perfectly. At BoConcept, you can make your own choice in design, size, shape, colour and material. Our concept is all about you, your home and your exciting, personal taste.

WE BELIEVE IN URBAN DANISH DESIGN

DANISH DESIGN IS NOT ONLY TO BE ENJOYED BY A FEW DANES

#2

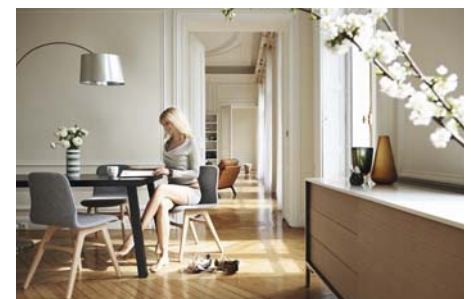

Danish design is our legacy, but a great legacy should always be balanced by innovation and new ideas. BoConcept has taken the great traditions of Danish design to the world's big cities and made it our own. We call it Urban Danish Design. It has the comfort and simplicity from Danish design and the cool vibe from the urban.

WE BELIEVE IN AFFORDABLE LUXURY

#3

LUXURY CAN BE OVERPRICED

We live in a world where we often have to choose. Between expensive, elitist design and cheap, common furniture. At BoConcept, we love to create furniture that combines the feeling of luxury in the quality, in the design, in the material, and at a fair and affordable price. We want to spoil you with great value. It is that simple. And it should be that way.

#4

WE BELIEVE IN RESPECT

NOBODY LIKES TO BUY FURNITURE FROM AN ARROGANT SNOB

Many stores in the world talk about service. We talk about respect and we walk the talk. Respect for your home, respect for your wishes, respect for your ideas and above all, respect for you. Our staff will take it very seriously and never give up unless you are 100% happy. Great design and arrogance are always a bad couple, and we would never invite them over for tea.

WE BELIEVE IN HARMONY

DON'T WORRY

#5

Does the sofa look good with the table? Does the table go with the carpet? What colour would go with the fabric on the chair? There is a reason why we have the word 'concept' in our name. We have had all the worries about matching and fitting. And our interior decorators can guide and advise you. BoConcept is all about making your home come together. So that you can enjoy the harmony of an interior look that will last for years.

WE BELIEVE IN FUNCTIONALITY

#6

IT IS SAD WHEN YOU FEEL UNCOMFORTABLE IN A BEAUTIFUL CHAIR

If a good looking sofa kills your back; if a fabric is too delicate to be used; if a design is so fancy, that you can't figure it out - it does not work. BoConcept design will not only look great, but work in your everyday life too. Our designers think about you, and not themselves so our designs look sharp, but you will never cut yourself.

WE BELIEVE IN CONSISTENCY

WE DON'T WANT TO BE YOUNG AGAIN. EVER

#7

It is great to be young, new and innocent. But not so great to be naive, inexperienced and confused. BoConcept has created Urban Danish Design since 1952. Through three generations, we have learned our lessons. Our craftsmanship, quality and concept are all set so that we can spend time focusing on you. Time changes and maybe you change too, but the BoConcept design DNA shouldn't. Ever.

BUYING FURNITURE IS A BIG DECISION AND WE WANT TO HELP YOU AS MUCH AS WE CAN. HERE ARE FOUR THINGS WORTH REMEMBERING BEFORE YOU MAKE YOUR FINAL DECISION. AFTER ALL, THE MOST IMPORTANT THING TO US IS THAT YOU END UP WITH EXACTLY THE RIGHT PIECE FOR YOUR HOME. ENJOY THE CATALOGUE AND FIND LOTS OF NEW INSPIRATION.

1

YOU HAVE A CHOICE

BoConcept design gives you options so you can give your home a personal look. Most of what you see in this catalogue comes in modules that you can mix and match into the perfect design for you. And of course you have a choice in colours, too.

YOU CAN DESIGN IT ONLINE

With our online design tool, Home Creator, you can create your own piece in 3D, change colour, change size, change design, see prices immediately and save your designs. You don't have to download any software and it is easy to use – just with a click.

2

3

YOU CAN GET HELP

In our stores you will find skilled, experienced interior decorators and design consultants who can guide you through all the options. Or book a home visit with one of our interior decorators who can help you with all your questions. From choosing the right cushions and colours to making a complete floor plan of your room in 3D.

YOU CAN SEE HOW IT WORKS

It's difficult to show what multifunctional furniture can do for you on paper. But with a smartphone, you can scan the QR codes in the catalogue and see how a table can extend, a chair can recline or a sofa can be turned into a bed.

LIVING

A sofa from BoConcept is the essence of customisation. You can make it fit your room perfectly. Our sofa designs are based on modularity and functionality to give you freedom in your decorating. Some of them can even stand alone as a single unit, if you like it that way. Complete the look with functional tables and comfortable chairs. Sit back and enjoy our designs on the next pages and know that everything you see comes in different sizes, colours and materials. You can even choose between different types of seating comfort. Check it out at www.boconcept.com where you can create your own designs in 3D.

A SOFA SHOULD NEVER BE EGOCENTRIC

The world revolves around you and our concept is all about your choice in design, size, shape, colour and material.

BEACTS SEACTS SHEACTS SHEACTS

IN EVERY DETAIL

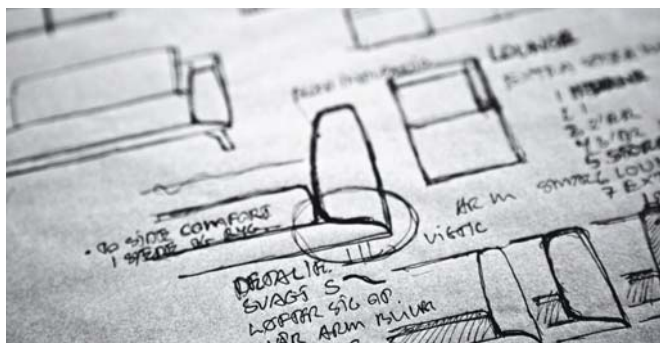

FIRST YOU TAKE A LOOK. THEN YOU TAKE A SEAT. DESIGN AND STYLE ARE IMPORTANT, BUT WHAT ABOUT COMFORT? THE FARGO SOFA IS THE ULTIMATE MODULAR SOFA SYSTEM WHERE YOU CAN CREATE ANY SIZE OR SHAPE IN ANY COLOUR YOU WANT – AND CHOOSE BETWEEN TWO DIFFERENT TYPES OF FILLING FOR YOUR PREFERRED SITTING COMFORT. EVERY LITTLE DETAIL HAS BEEN CONSIDERED SO YOU END UP WITH A LOUNGING ZONE DESIGNED SPECIFICALLY FOR YOU.

1
SAME LOOK. DIFFERENT TYPES OF COMFORT
Classic Comfort (picture 1) consists of high resilient foam in the seat cushions and feathers/foam in the back cushion. High resilient foam is very structurally stable, ensuring optimum comfort and a long lifetime.

2
The softer and more luxurious Premium Comfort (picture 2) is made of a two-component foam (hyper soft and high resilient) in the seat cushion and hollow conjugated fibre balls in the back cushions ensuring more density and stability.

The Fargo sofa is designed by Anders Nørgaard who is our specialist in designing great modular sofa concepts for BoConcept. This classic sofa has a feminine expression and is characterised by soft, curved proportions and elegant details like the distinctive shape formed by the joining of armrest and seat frame.

'When designing a new sofa I always strive to add some kind of characteristic detail, which will define the sofa and give it a personality of its own. Most sofas have horizontal and vertical lines, but with the Fargo I wanted to add a nice twist to the armrest. I think the soft shape makes the Fargo sofa unique, and it works beautifully with the slim as well as the wider armrests'.

You are spoiled with a soft upholstered frame so you have a very elegant and smooth finishing. And with a constant eye on individual taste, Anders Nørgaard has designed two types of cushions that you can choose from. Low back cushions - for a modern, horizontal look - and high back cushions, providing even more comfort. You can even choose to mix them.

The Fargo sofa is the combination of of the most select materials, craftsmanship and modern technology. We have even worked with different fillings for the cushions, so you can choose your optimal sitting comfort. If you prefer a firm cushion that stays in shape and gives you good support, go for Classic Comfort. If you want to sink into a soft cushion, you can choose the Premium Comfort. So go ahead and play with the options and trust that the final result will work perfectly so you can enjoy your sofa for many years to come.

ENJOY IT

You will have the exact interior solution that matches your needs and desires. Our interior decorators will not stop until you are 100% happy. And to let you lean back and enjoy it, you will be pleased to know that our professional team of fitters can take care of delivery and assembly

STYLE TIP

Low look, high comfort. Prefer the low, horizontal look of a sofa, but find it hard to relax? Go for a sofa with adjustable headrests. Now, you don't have to compromise on look or comfort.

Interior decorator Alejandro Sterns, BoConcept Bogotá, Colombia

STYLE TIP

Light up your room. Lamps can brighten up your room and be a great finishing detail to your interior. Think of them as sculptural pieces that add an interesting dimension to your décor. Even when the lights are turned off.

BIG IDEAS

1

Choose a table that serves as a coffee table as well as a dining table

2

Underneath the cover of this little seat, you will find a bed that easily unfolds

3

Tidy up and hide the stuff you don't want to see behind doors

4

With small tables you can quickly clear the space if you need it for something else

5

Use a corner of your room to hang your everyday essentials

6

Table. Cabinet. Desk. This mobile cabinet can easily be moved around according to your needs

7

Don't waste precious space. Go for furniture that are easily put to one side when you don't need it

OUR DESIGNERS

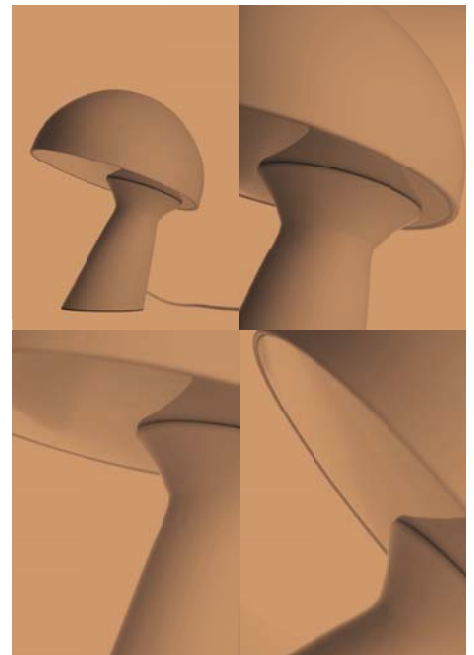

URBAN DANISH DESIGN

OUR DANISH HERITAGE AND FASCINATION OF THE URBAN LIFESTYLE COMBINED WITH OUR PRODUCTION EXPERIENCE HAS MADE BOCONCEPT KNOWN FOR ITS UNIQUE STYLE, HIGH QUALITY AND FUNCTIONALITY AROUND THE WORLD. WE WORK CLOSELY WITH A FEW, SELECT DESIGNERS WHO ARE TRUE TO THE BOCONCEPT DNA AND HAVE CREATED FINE, INNOVATIVE DESIGNS WITH INTERNATIONAL APPEAL.

HENRIK PEDERSEN

Henrik Pedersen is one of the upcoming stars of interior design. One of his first pieces of furniture was the iconic Imola chair for BoConcept, and he is one of the leading Danish designers of lamps. He graduated as a fashion designer in 1990 but uses his education to explore the full range of design. 'My education and experience is my toolbox. They provide me with a foundation. The creative process is really the same no matter what you design. It's the materials that make the difference and open up new possibilities.' His wide-ranging experience and his interest for maths give him an intuitive ability to quickly gauge if a new design will work or not. 'Experience and knowledge help, but the difference lies in how you use it. Good common sense and a passion for your craft will take you far.'

ANDERS NØRGAARD

Anders Nørgaard is one of today's Danish designers who has received international recognition including the Red Dot and the Chicago Athenaeum Good Design awards. He has a unique talent for designing modular sofa concepts that look great no matter how you put them together. 'I grew up with functionalism and craftsmanship. Danish architects of the 50s and 60s were friends of my parents and among my teachers at the School of Architecture. Most of my school holidays were spent with furniture makers where the wood joiners taught me all about the craft.' Staying true to his Danish heritage, he still praises the detail: 'While function may be the starting point, it's the small bursts of details that make the difference. They refine the look and make the design distinctive.'

MORTEN GEORGENSEN

Morten Georgsen succeeds in bringing his Danish design heritage to an international audience who has embraced his talent for designing stylish furniture with multiple functions. He grew up in Western Denmark and has worked for the likes of Bang & Olufsen before founding his own design company 20 years ago. Now based in the vibrant city of Valencia, his ability to accomplish a lot with simple methods is put to great use when he designs furniture that is modular, foldable, extendable, and beautiful too. 'When you create multifunctional pieces, the challenge is to maintain the style and 'the simple is best' philosophy. The simplest, most modest look is by far the most complicated thing to achieve.' He is passionate about making good design available to more than the few: 'By the end of the day, furnishing is a practical need that we all have, and in that sense, we all deserve good style and quality that works.'

KARIM RASHID

Karim Rashid is one of the most prolific designers of this generation with more than 3000 designs in production and 300 awards including the Red Dot and the Chicago Athenaeum Good Design awards. From a very young age, Karim was obsessed with drawing. 'My father is a painter, an artist, and a set designer for television, and he took me sketching churches in England. He taught me to see - he taught me perspective and that I could design anything and touch all aspects of our physical landscape.' Years later, Karim completed his design degree in Ottawa, Canada, which is also the name of his dining room collection for BoConcept; a collection that expresses sensual minimalism: 'You concentrate on the matter of the object and through this, it becomes relatively minimal. But at the same time, there should be a sense of humanity. Something soft that touches you and makes you feel at ease.'

STORING

Leave the task of keeping your things organised with a multifunctional storage system that surrounds you with the things you love and hide the stuff you don't want to see. Customise your wall system with different shelving sizes, drawers, glass, coloured or wooden fronts, drop down or sliding doors. Storing doesn't have to be boring. Explore the colour and lighting options that will have a great effect on the look of your new wall system.

VOLANI

DESIGNED BY MORTEN GEORGEN

The Volani units come in many different sizes, depths and colours. Volani offers drawers, cabinets with dropdown doors, shelves and cabinets with smooth handle-free fronts. You can also choose to add a handle if you prefer. The cabinets and shelves can be placed on wall panels. Combine different sizes of cabinets and use a mix of colours to turn your storage system into a piece of art. See the specific options on pages 82-83 and 163.

WE BELIEVE IN HARMONY

#5

DON'T WORRY

There is a reason why we have the word 'concept' in our name. We have had all the worries about matching and fitting so you can relax and enjoy the harmony.

CREATE YOUR OWN VOLANI

DESIGNED BY MORTEN GEORGSSEN

COMBINE DIFFERENT SIZES OF CABINETS AND USE A MIX OF COLOURS TO TURN YOUR STORAGE SYSTEM INTO A PIECE OF ART.

The Volani units come in many different sizes, depths and colours. Choose between fronts in white lacquered, charcoal grey lacquered, oak, walnut, or black-stained oak veneer or black loudspeaker fabric. Volani offers drawers, book cases, cabinets with dropdown doors, shelves and cabinets with smooth handle-free fronts or, with elegant aluminium handles. The cabinets and shelves can be placed on wall panels, and you can add CD or DVD inserts and LED lighting to your wall system.

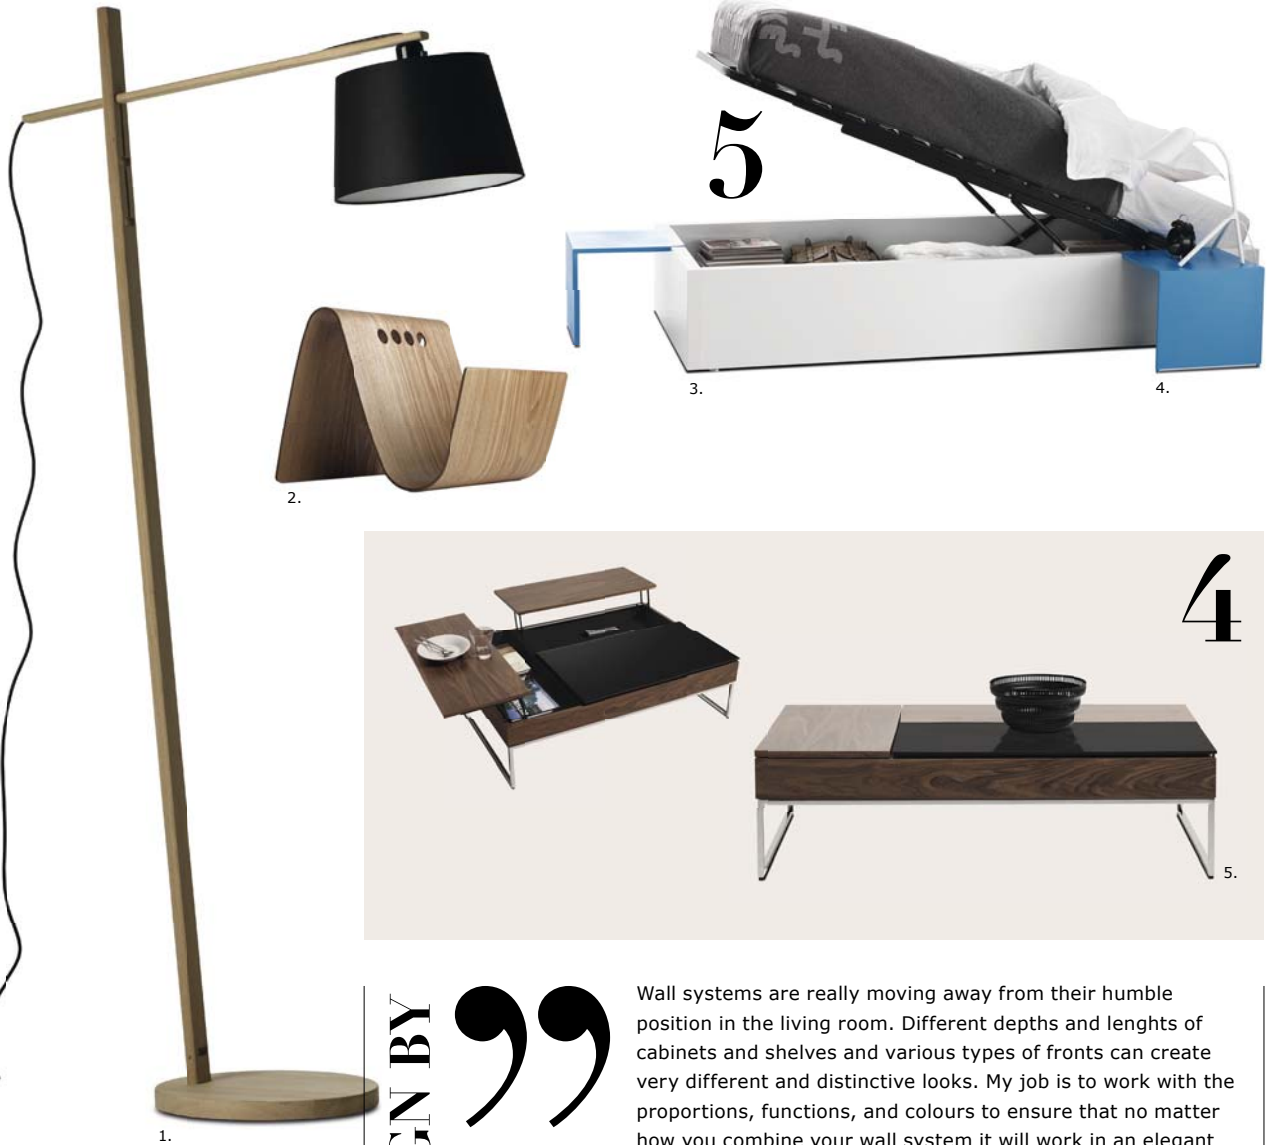

Create your own wall system in 3D. With Home Creator you can experiment with different shelving sizes, colours and fronts. Go to www.boconcept.com.

STORAGE IDEAS

GET ORGANISED

TO CLEAR YOUR MIND, YOU HAVE TO CLEAR YOUR ROOM. BUT STORING DOESN'T HAVE TO BE BORING. THERE ARE SO MANY CLEVER STORAGE PROVIDERS THAT OFFER YOU PLENTY OF OPTIONS IN MATERIALS, COLOURS AND SIZES. HERE ARE A FEW IDEAS ON HOW FUNCTION AND STYLE CAN GO HAND IN HAND.

DESIGN BY

”

Wall systems are really moving away from their humble position in the living room. Different depths and lengths of cabinets and shelves and various types of fronts can create very different and distinctive looks. My job is to work with the proportions, functions, and colours to ensure that no matter how you combine your wall system it will work in an elegant and uncomplicated way.

CLEVER IDEAS

1

Turn organisation into a personal expression. Make a display of the things you love in an untraditional and casual way

2

If you have the room and the book collection, consider making your books an inspiring and decorative part of your living space

3

Wood is good. Use wood to turn your white wall unit into a warm, elegant piece of functionality

4

Make it easy to keep it tidy. This table has storage underneath the tabletops to easily hide the living room essentials

5

Put the space underneath your bed to use with built-in storage

6

Make the perfect spot for reading with a sculptural floor lamp

ACCESSORIES

Sometimes, all you need is a new cushion, rug or beautiful vase to bring fresh life into your home. Contrast is key. Use natural materials for comfort and edge it up with neon colours and prints. Or add a bit of rawness with industrial and architectural designs. Vases, candlesticks, sculptures, boxes and baskets, soft cushions, throws and rugs in new or classic colours, patterns and designs will give your home that feel-good factor.

What you see in this catalogue is only a small selection of our wide range of accessories. See more at www.boconcept.com.

CUSHIONS

Give your sofa a new look and pile on the cushions. Each with their own distinctive design, you can mix and match them as you please. Choose among an endless variety of good materials in cotton, wool, fur and felt. Enjoy elegant and rich colours in exquisite or raw patterns that are either painted or embroidered by hand or made from vintage fabrics. It's impossible to show them all here.

RUGS

Kick off your shoes and enjoy the softness and texture of shaggy rugs that come in a variety of sizes and colours. A unique blend of differently toned strands gives a rug a deep, sumptuous look. Go for natural colours or more vivacious colours. All our rugs are handmade to the highest standards, and it can take several days to make a shaggy rug.

RUGS

These rugs are all handmade pieces of art and there are so many different shapes, sizes and designs to choose from. Enjoy playful or elegant patterns and many different textures such as knitted wool, kilim and cowskin. Some of the rugs have a deliberately worn-out look for a cool, personal expression. They are all handmade, and it can take up to three months to make just one rug.

GALLERY

Art is a personal thing. Only you can decide what you like. So get started on your own collection. There are great stories to be told on your wall. Choose among real paintings, retro posters, drawings, black and white photo art, canvas prints or recycled, industrial-style art. Big paintings can change a room completely. Try placing them on the floor for a more casual style.

The gray wolf is a predator mammal that lives in Europe, Asia and North America. It is the second largest predator, only surpassed by the brown bear. The wolf lives in the woods and steppe-like areas where it hunts in large groups called Packs. It hunts both mice, grouse, hares, lemmings, sheep, reindeers and moose. A Pack is lead by a male and a female, called the Alpha pair. In spring and summer the alpha pair makes from 1-8 pups in underground dens. The gray wolf becomes around 1 meter high and 1,5 meters of length and weights from 30-50kg. It is the ancestor of the domestic dog. A little over 15000 years ago humans began to domesticate the gray wolf and use it as a guard or hunting dog.

THE MAGIC LOOK

WILL THE COLOUR OF THE RUG GO WITH THE TABLE? WHAT MATERIAL WOULD LOOK BEST ON MY NEW SOFA? HOW CAN I GET MORE STORAGE IN MY SMALL ONE-ROOM APARTMENT? HOW DO I ACCESSORISE MY HOME TO GET THAT MAGIC LOOK? IF YOU NEED HELP, YOU WILL FIND IT IN OUR STORES WHERE OUR INTERIOR DECORATORS WILL HELP YOU WITH ALL THE DETAILS THAT WILL MAKE YOU LOVE BEING AT HOME. CAN'T WAIT? HERE ARE A FEW TIPS FROM SOME OF OUR INTERIOR DECORATORS TO GET YOU STARTED.

STYLE TIP

It's better with company. An old vase is revived when you put it together with other vases, pictures, and candlesticks. Avoid scattering your things. Put them into groups for a stronger statement.

Interior decorator Ekaterina Botova,
BoConcept Moscow, Russia

STYLE TIP

Have fun. Go on an interior experience and choose little details with a twist. They make a difference for a funky, modern interior. And they will put a smile on your face.

Rolando Dela Cruz Parel,
BoConcept Kuala Lumpur, Malaysia

STYLE TIP

Go back in time. Copper and brass accessories are back and can take on a new, elegant look when set against the non-colours of grey, beige and black.

EASY STEPS

1

FIND INSPIRATION

If you are looking for new ideas, visit one of our stores or go to www.boconcept.com and see all the colours, materials and designs that are available in our collection. Our interior specialists will be happy to guide you

2

BOOK A CONSULTATION

If you want more help with your interior challenge, book a home visit. Our interior decorator will come to your home, listen to your needs and ideas and take note of your existing interior

3

MAKE IT RIGHT

Our interior decorator will take measurements and make 3D drawings of the proposed BoConcept furniture and how it looks in your room. You will be invited for a presentation of the 3D visuals in your local store

4

ENJOY IT

You will have the exact interior solution that matches your needs and desires. Our interior decorators will not stop until you are 100% happy. And to let you lean back and enjoy it, you will be pleased to know that our professional team of fitters can take care of delivery and assembly

STYLE TIP

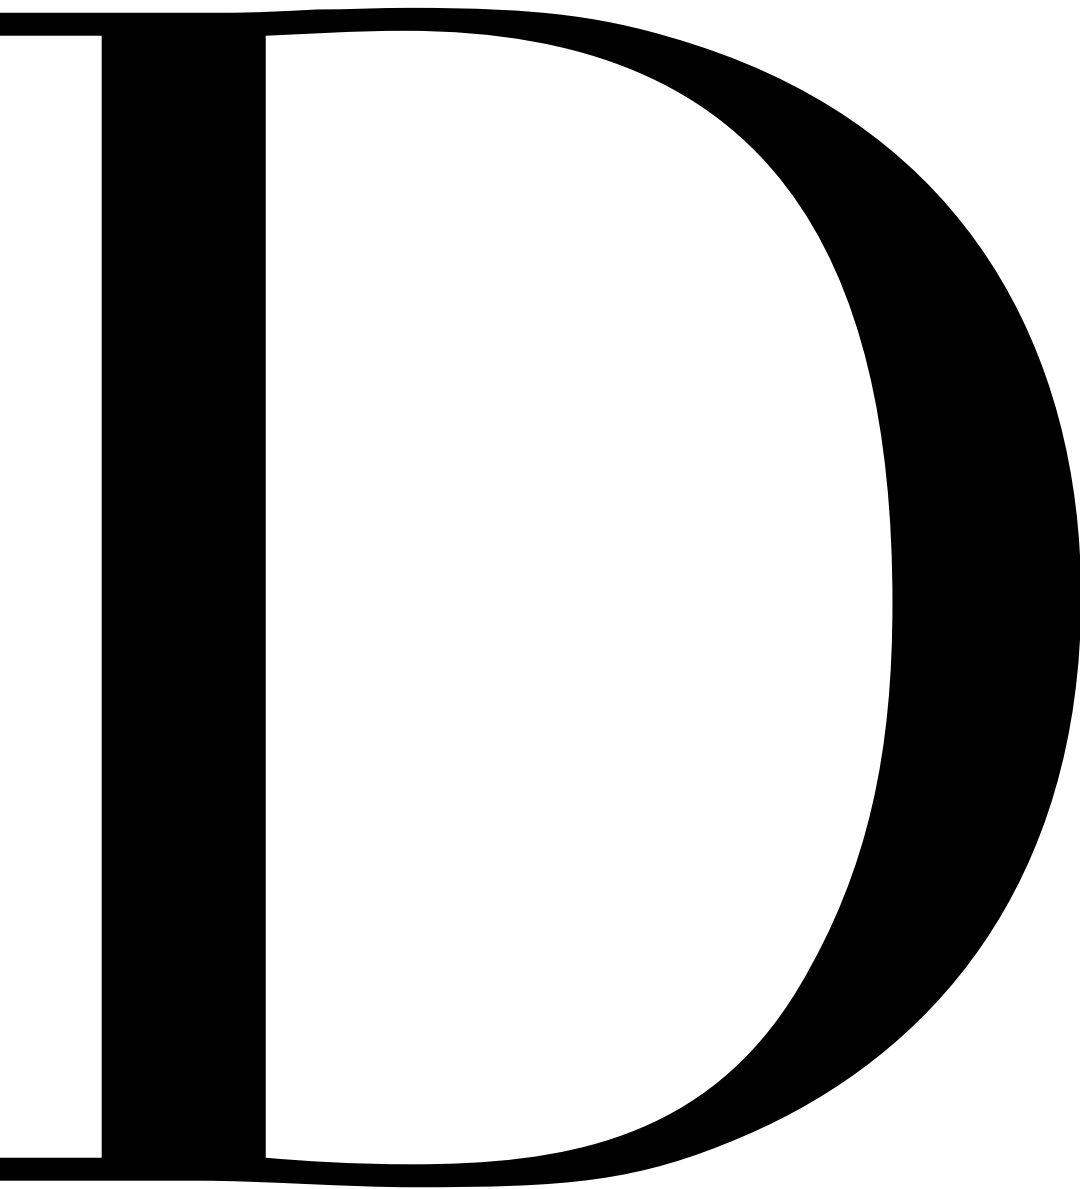

Don't be afraid. If you worry that strong colours and playful details will turn your home into a kid's room, try to introduce some natural wood into your interior. It will refine the look and make it more mature.

Interior decorator
Caroline Krogh-Jensen,
BoConcept San Francisco, USA

DINING

Dinner time brings people together. Gather friends and family around the table and enjoy their company for a moment or two, before you go your separate ways again. With an extendable dining table you can make room for spending precious time with your favourite people – even if you live in a small home. Design your own space for happy memories with dining tables that come in different sizes, shapes and colours. Complete your dining space with chairs, sideboards or cabinets and know that everything you see comes in different colours and materials so it fits your space and lifestyle.

OCCA

DESIGNED BY MORTEN GEORGESEN

Extendable dining tables are clever. You can easily and quickly make room for more guests with a table that hides the extension leaf underneath the table top. The table tops come in two different designs and 4 different colours and you can mix them with bases in different colours. Consider if you want to go for a slimline, elegant look by choosing a thin table top, or a more solid look with a thick table top.

THIS TABLE IS CLEVER. YOU CAN EASILY AND QUICKLY MAKE ROOM FOR MORE GUESTS WITH A TABLE THAT HIDES THE EXTENSION LEAF UNDERNEATH THE TABLE TOP.

SIDEBOARDS

Great for storage, sideboards are elegant, functional pieces of furniture in any room. Go with classic, natural colours, or mix colours and create a sideboard with a very personal expression. No matter what you choose, you can hide your stuff in drawers or behind doors and put your beautiful objects on top.

STYLE TIP ”

Wood is so back in modern interior. If you are nervous about wood being too dark, try mixing it with white for a more contemporary and casual look.

SLEEPING

You have to sleep, and you have to sleep well, too. You can do all the exercising, eat all the healthy food, drink all the water you want. But if you don't sleep well, you'll never be fully refreshed and energised. You spend a third of your life in bed, so choose a bed with a mattress that's perfect for you. Give yourself room to sleep by hiding the mess in night stands, wardrobes and clever under-bed storage. Now, you can get a good night's sleep. Every night. Sweet dreams.

CARE TIPS

- Let the air in. Leave the bed uncovered as much as possible and place the mattress on slats, not a solid base to make the air circulate
- Remove spills on the mattress by dabbing the mattress with a simple mixture of water and washing up liquid
- Vacuum your mattress once in while

You can ensure a healthy sleeping environment with a little care. See more tips on www.boconcept.com.

Fahrenheit duvets and pillows

Our duvets are filled with the finest and softest down, which guarantees the best possible insulation while still feeling light. The natural filling of our duvets and pillows consists exclusively of new, carefully sorted European goose down and feathers. The covers are made of 100% long fibre cotton, leaving a soft and supple surface.

Fahrenheit duvets and pillows are Nomite-certified, which means they reduce the risk of dust mite allergy. They are machine washable at 60° C and the cover is tightly woven so that dust mites cannot get inside the duvet and pillow.

Fahrenheit duvets and pillows are OekoTex-certified, which means that pillow and duvet covers, and fillings are produced without using harmful substances.

Downafresh
Hygiene according to DIN EN 12935

Daunasan[®]
Hygiene gemäß DIN EN 12935

Fahrenheit duvets and pillows are Downafresh/Daunasan-certified, which means the fillings are new and clean, and produced in accordance with applicable European standards.

FAHRENHEIT

Fahrenheit mattresses

A good mattress is a vital investment in your health and well-being. The perfect mattress adjusts to your body – and not the other way around.

What is visco-elastic foam?

We use visco-elastic foam in all our Fahrenheit mattresses. The foam consists of open, self-ventilating cells that respond to body temperature and weight. So it adapts to you and moulds to your body shape giving you ultimate support. The unique foam helps to eliminate uncomfortable pressure points, so you don't have to turn over so often while you're sleeping. The result is a more effective sleep that leaves you feeling refreshed and ready for a new day.

60 DAYS SLEEP TRIAL

The Fahrenheit mattress may require a short adjustment period while your body gets used to a completely new way of sleeping. Most people will feel the benefits instantly. However, if against all expectations, you should find it difficult to adjust to the new material, you can exchange the mattress for another type or get your money back.

10 YEARS GUARANTEE

Even the best mattress will become less comfortable over time. So ideally, you should consider changing your mattress every 8-10 years. But until then, we are happy to be able to offer you a free 10-year guarantee on our Fahrenheit mattresses.

TRIPLO

A highly modular wardrobe system, Triplo is designed to suit all your storage needs. We use high-quality materials to ensure that your wardrobe remains stable and sturdy for all your possessions. You decide the frame, the doors and the interior. All doors come with a soft closing system. Choose between sleek one-panel glass or veneer doors, or an elegant blend of veneer and glass or mirrors. The interior can be customised exactly to your needs.

HOME HELP

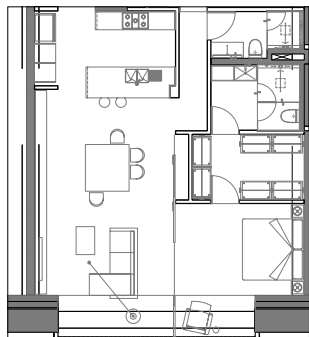

OUR STORES HAVE INTERIOR DECORATORS WHO CAN HELP YOU CHOOSE THE RIGHT COLOUR FOR YOUR SOFA, OPTIMISE YOUR SPACE, SELECT MATCHING CUSHIONS OR COMPLETE AN ENTIRE LIVING ROOM. WE HAVE HELPED THOUSANDS OF CUSTOMERS AROUND THE WORLD WITH THEIR INTERIOR CHALLENGES. HERE ARE JUST A COUPLE OF EXAMPLES OF WHAT WE CAN DO FOR YOU.

MEXICO CITY MEXICO

A red sofa. No thank you! was my reaction when Gadiel suggested it during his visit to my apartment. I prefer the minimalist style, and a big red sofa was not what I had in mind for my apartment. Gadiel did 3D drawings of the sofa and the entire room which made me change my mind. I could see that the colour and shape would add a characteristic dimension to the minimalist décor. My chair by the window is my favourite place to relax. I can enjoy the views and read a book. The rug, table and lamp has turned this little spot into a cosy corner by the tall windows.

Customer Diana Cherem

Floor plan

STYLE TIP

If you have big, open spaces, try to define areas within the room by using rugs. A small rug is great to create a small spot to relax or work. Or try big rugs that can go underneath the sofa as well as the table.

Interior decorator Gadiel Gutiérrez,
BoConcept Mexico City

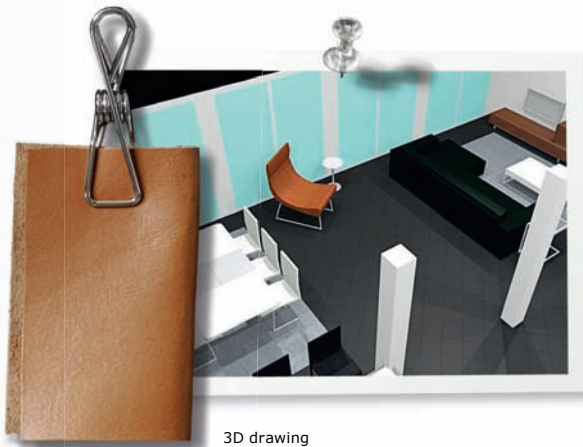

LONDON UK

I was looking to furnish my newly built Huf House on the river side of the Thames. The building is quite characteristic, and the interior had to match this. Being an architect myself, I have quite strong opinions on furniture so it wasn't an easy task for Magdalena. I found the 3D drawings that she made very helpful in terms of being able to visualise the end result and reassure me that the fantastic views of the river were not going to be blocked.

Customer Alastair Ross

3D drawing

STYLE TIP

Direct your furniture towards the best features of your home. In this case, the dining table is positioned so everyone can enjoy the stunning views without having to turn their heads. From the sofa, you can choose to enjoy the views or watch television.

Interior decorator Magdalena Figa, BoConcept Kingston

PHILADELPHIA USA

I bought my first home in Philadelphia, which was a loftstyle industrial apartment with an unconventional layout. I wanted to add warmth and elegance to the open plan but also make best use of the space. Jackie came by to see the room and take measurements. She listened to my ideas and was respectful of the things that I wanted to keep in my décor. I was particular about certain colours and wanted to keep my antique Persian rugs which she managed to coordinate perfectly with the new furniture.

Customer Fara Dabir

STYLE TIP

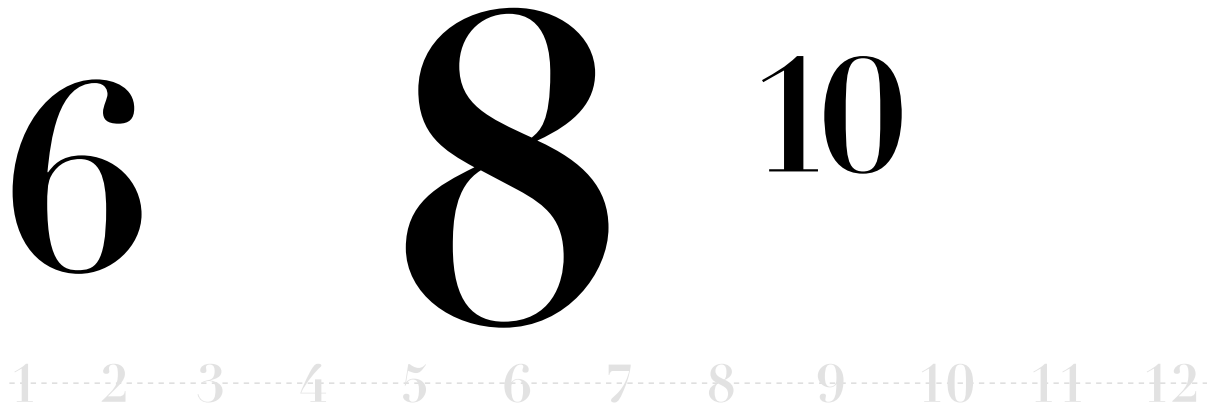

In open plan living, make sure that colours and materials on your main pieces are neutral and coordinated. This will allow you to play with colours on cushions and personal objects so you can achieve that personalised look that makes it your home.

INITIATIVES FOR LIFE

IT'S IN OUR NATURE AT BOCONCEPT TO THINK SMARTER. NOT JUST ABOUT FURNITURE DESIGN, IT'S ABOUT EVERYTHING WE DO THAT AFFECTS THE PEOPLE AND ENVIRONMENT AROUND US. WE DON'T PRETEND TO HAVE ALL THE ANSWERS, BUT WE DO HAVE A RESPONSIBILITY TO DO THINGS DIFFERENTLY AND BETTER. LOCALLY AND GLOBALLY. AND ALWAYS. BECAUSE TAKING CARE OF OUR PLANET AND EACH OTHER IS A TASK THAT WE MUST NEVER GIVE UP ON. HERE'S JUST A SMALL SAMPLE OF THE INITIATIVES WE HAVE ALREADY SET INTO MOTION. AND WE PLAN TO KEEP GOING. FOR LIFE.

INITIATIVE 6: FUNDACIÓN FORMEMOS, COLOMBIA

Our stores around the world support a number of local organisations which are working to make life better for the less fortunate. One of these local initiatives is to support the Fundación Formemos in Colombia. During the last 5 years, our 5 stores in Colombia and Panama have raised more than USD \$100,000 for the foundation, which helps children who are victims of violence. Read more about the foundation and their work on www.fundacionformemos.org.

INITIATIVE 8: MAKING A HOME

Our business is furnishing homes. But some are not fortunate enough to have a home. We have a policy that encourages our stores and warehouses to donate ex-display and discontinued furniture or pieces with minor faults to organisations that help the homeless. We have, for example, donated mattresses to help organisations in Germany and USA. And, in Denmark we have donated furniture to a nationwide youth organisation that helps children and young people who do not have a home of their own. Read more about the Danish Youth organisation 'Ungdommens Vel' and their work on www.ungdommens-vel.dk.

INITIATIVE 10: THE BOCONCEPT CATALOGUE

The BoConcept catalogue has been printed by Evers Druck in Germany who works actively to reduce the environmental impact of their print products. Evers Druck has been recognised as the most environmentally friendly print company in Germany in 2009 and 2011. In 2010, we also moved from 196 pages to 164 pages. This has effectively reduced paper consumption and transportation needs, thereby cutting CO₂ emissions by 16%.

13 16 21 26

INITIATIVE 13:

GLOBAL COMPACT

BoConcept supports the UN Global Compact, which is a strategic policy initiative for businesses that are committed to aligning their operations and strategies with ten universally accepted principles in the areas of human rights, labour, environment and anti-corruption.

Read more on www.unglobalcompact.org.

INITIATIVE 16:

RECYCLED MDF AND FURNITURE BOARD

We constantly find ways to make more out of less. That is also why we have chosen to mainly use MDF and furniture board instead of solid wood in our production. They are made from wood waste in the form of sawdust, reclaimed wood or small wood pieces. A choice that effectively cuts down the need for raw materials.

INITIATIVE 21:

LESS TRANSPORT

We have regional distribution centres in Europe, USA and now in Asia to reduce the distance that our products have to travel to reach our customers. In April 2010, we opened our Asian Distribution Centre to cut down on the transportation distance for this region, resulting in a 15% reduction in transportation and CO₂ emissions in Asia.

INITIATIVE 26:

BETTER INDOOR ENVIRONMENT

A good indoor environment is important for your health and well-being. It is not only the ventilation and construction materials, but also the things you have inside, that influence the indoor environment of your home. The Indoor Climate Label has been developed in order to help consumers make qualified decisions when it comes to choosing products that contribute to a healthy indoors. All BoConcept wood furniture has received the label as they have been tested thoroughly with regards to release of gasses and odours so it is safer for you to bring into your home. For more information about transportation and handling of our furniture, go to www.boconcept.com.

WE CAN HELP YOU

Looking for new furniture? We have lots of services that can help you make the right decision.

Home Creator

If you are planning to buy new furniture, a good place to start is our online Home Creator where you have all you need to design your own piece of furniture in 3D.

Home Creator is an online tool that you can use straight away. No need to download anything. You will find a choice of modules to create your own design of a sofa, a chair, a wall system, a table, etc... Change the size, shape or colour and view your creation from different angles while you also check the price. You can also save your designs. Or make a complete floor plan of your room, and see how your furniture design fits into your home.

Interior decoration

Help is at hand as soon as you walk into one of our stores located around the world. Skilled design consultants and interior decorators can guide and advise you through all our options so you end up with the perfect result.

Book an interior decorator. They will come to your home, take measurements, listen to your needs and take note of your existing interior. They can help you choose design, colours and materials and will make a complete floor plan in 3D so you can see how the result will look in your own home.

Delivery & assembly

For quick and easy delivery and assembly, our professional service team can help you. They take care of transport and assembly and are trained in our products so you can be sure that your new piece of furniture is assembled correctly. Our design consultants will advise you if this service is recommended depending on the complexity of the product that you are ordering. Our delivery service includes removal of packaging, expert assembly and placement of the furniture in your home – ask in store for details and prices.

Delivery time

As most of our collection is customised for you, we do not have a wide range in stock. Our normal delivery time for board furniture is 3–4 weeks and 6–7 weeks for upholstery. If the item is in stock, feel free to pick up the furniture at our warehouse right away.

Your own store?

We are looking to open new stores in many countries. If you are interested in becoming a part of our team and work with a certified concept that has proven its appeal around the world, see more at www.boconcept.com.

CUSTOMER INFORMATION

Return and exchange policy

We take great pride in the quality of our furniture and pay great attention to detail, construction and finish. We carefully inspect every piece and we recommend you to do the same upon receipt of your furniture. If you are dissatisfied with your purchase, you are naturally entitled to return your purchase as long as it is unused and undamaged. We ask you to return the product in its original packaging. A usage, transport or restocking fee may apply. Please contact the store, where you have made your purchase, and they can assist you with the return process.

This does not affect your statutory rights.

Gift vouchers

BoConcept gift vouchers are available in all stores.

Product facts

Use the catalogue for inspiration. Please see each model number for the availability of specific types of veneer and colours at www.boconcept.com where you will also see more design options.

Our range

You are always welcome in our stores and studios to view all the products in our range. However, our stores vary in size and you may not find our entire product range on display at your local BoConcept. Our full range is available to order, please ask our design consultants, who will be pleased to help and advise you. All products are subject to availability.

Accessories

Due to national trends, our accessories range is constantly updated. Therefore, you may not find the entire range shown in this catalogue throughout 2012/2013.

Some of the accessories used for the room sets in this catalogue are personal items and therefore not available in our stores.

Lamps

All lamps and light fittings conform to US/European guidelines for domestic use. Some lamps are not available in all countries. Please check in store.

Errors and omissions excepted.

HOW TO CARE

We want you to be able to enjoy your furniture for many years. Here is a small selection of our recommendations on how to take good care of your furniture to ensure that it will last. You can see more care tips at www.boconcept.com.

Wood and veneer

- Wood and veneer are affected by light. For the first 6–8 weeks, when the item is first absorbing the surrounding light, keep the surfaces clear of any objects to avoid permanent marks and circles. At first, new furniture will also need time to absorb light before it will match the tone of your existing furniture
- Water is only to be used in small doses and only in the form of a damp cloth. After wiping, always use a dry cloth
- Wood and veneer are very sensitive to liquids. Wipe up spilled liquids immediately

Upholstery in general

- If possible, switch the seat and back cushions on a regular basis to extend the life of your cushions and to ensure even wear over the years
- Cushions with a filling of foam/feathers or fibre should be shaken regularly to ensure form stability
- Make sure the legs are fitted tightly to the sofa and check them on a regular basis

Furniture textiles

- Protect fabric from direct sunlight to prevent colour fading
- Ordinary cleaning: Vacuum frequently and use the BoConcept Textile Cleaner for general cleaning
- Treat your fabrics with the BoConcept Textile Protection to prevent stains and dirt from penetrating the textile fibres before use. When the fabric needs to be cleaned use the BoConcept Textile Cleaner and then BoConcept Textile Protection to maintain the fabric
- Remove stains by using the BoConcept Spot Remover Kit and again use the BoConcept Textile Protection

Leather

- Protect leather from direct sunlight and sources of heat to prevent colour fading
- For general cleaning use a dry soft cloth only
- If necessary, wipe or lightly rub the whole surface with a clean, soft cloth wrung in soapy water
- If vacuum cleaning, use a soft brush nozzle to avoid scratching the surface
- Use the BoConcept Leather Protector before you start using your new piece of furniture. When the leather needs to be cleaned use the BoConcept Leather Cleaner and then BoConcept Leather Protector to maintain the leather
- Use the BoConcept Leather Cleaner for cleaning the sofa/chair 2–3 times a year

QUALITY

Furniture production is part of our heritage. Our 60 years of experience and know-how provide invaluable benefits for our production facility in Denmark as well as in our close co-operation with our global suppliers. We have chosen to work with only a few suppliers that share our commitment to high quality. This way we are in control of the entire production process ensuring the highest quality every step of the way.

We believe that good quality is not achieved through random, but through consistent and dedicated work. A comprehensive quality-control programme based on the ISO 9000 standard and our own production experience has been implemented with all our suppliers. We have our own quality control engineers always working on site with our suppliers. They ensure that our detailed guidelines are followed all the way through the production process and make sure that the final products are checked before leaving the factory.

All our furniture is made from high-quality components and based on our passionate regard for functional and affordable design. To achieve this, we work on finding the right balance between carefully selected materials, beautiful design and deliberate simplicity.

Wood furniture

You will find veneer surfaces on most of our board furniture, such as wall systems, tables and bed frames. Veneer is just like wood – a natural material – and variations in the grain must be expected. This is what makes each piece of wood furniture unique. The majority of our wooden parts are UV-lacquered 3–4 times to ensure a very durable surface. Our surfaces are tested continuously to ensure that the resistance to scratches and liquid spills, and the colour fastness meet our standards for normal, everyday use.

Glass

Most of our glass table tops are made of tempered glass for the safety of our customers. We apply a heat treatment to our coloured glass plates where the colour pigment is burned into the glass. This ensures that the colour is resistant to scratches. All edges are finished to the highest standard.

Metal parts

The majority of our metal parts are made from the highest quality metal, keeping any impurities to the lowest level. Our chromed metal parts are treated with two layers of nickel underneath the chrome. It leaves a very smooth surface with minimum risk of rust. Other metal parts are powder coated. This gives a tougher surface than when using conventional paint. Powder coating is also an eco-friendly surface treatment as the lacquer does not contain any solvents and excess paint can be re-used.

Upholstered furniture

We are dedicated to ensuring that every single piece of our upholstery provides you with perfect sitting comfort. That's why we primarily use high resilient (HR) foam in our seat cushions. HR foam is very structurally stable, ensuring optimum comfort and a long lifetime. The back cushions have channels inside them to keep the filling material in place, but we always recommend that you shake your cushions regularly to ensure form stability. With time and use, foam and cushion filling will stabilise so your sofa or chair will feel smooth and comfortable.

The selection and application of hardwearing materials, which contribute to the lifetime of our products, is a key criterion for us – as is the widespread use of solid wood where strength and stability are required. Our products are upholstered with high quality foam that ensures both soft and rounded edges and corners, and means that our fabrics and leathers wear less and last longer.

Leathers and fabrics

We carefully select our leather and fabrics based on the design and function of the individual products they are to be used for. We guarantee no colour difference between different pieces of furniture when commissioned as one order. Our only requirement is that all the pieces of furniture are ordered at the same time.

All leathers and fabrics will stretch during use. To achieve the best comfort, covers cannot fit too tightly. Therefore, some creasing may occur, but this adds character to the sofa or chair.

All our furniture fabrics and leathers are tested at internationally recognised and accredited institutions.

We have different leather types that you can choose from. The surface structure of the leather is different depending on which part of the animal the leather is taken from. At BoConcept, we use top grain leather from both cow and buffalo hides. Each hide is unique with its own hallmarks. These hallmarks will be more or less visible depending on the finishing process that transforms the raw hide into furniture leather.

We use leathers from three gradings:

- corrected leather that has been treated to provide a more uniform appearance. The surface has a fine structure and the feel is nice and soft. It is easy to clean and maintain
- semi-aniline treated leather has been corrected slightly leaving a large part of the natural grain intact and most hallmarks visible. It has an exclusive feel and provides maximum sitting comfort. Through use, semi-aniline treated leather will receive a beautiful patina that gives character to the product. This type of leather requires a little bit more maintenance than corrected leather
- aniline leather is the most exclusive leather at BoConcept. The grain appears untouched and any hallmarks will be visible. The natural softness of the leather is preserved to ensure exceptional seating comfort. Over the years, aniline leather will become more beautiful and add character to the sofa or chair. This leather requires maintenance before use as well as during use to protect it from sunlight and spills.

We recommend that you always use BoConcept care products for your leather and fabric pieces. Find more details at www.boconcept.com.
